

DIRECTIONS for a CAUTERIZATION or SOS:

1. In the washbasin and with damp hair, apply the **Force Therapy Shampoo (1)**, gently massaging the scalp and pulling the product along the entire length of the hair. Reapply the product if necessary;
2. With the aid of a dryer or towel, dry approximately 50% of the hair strands;
3. Apply **Force Keratin (2)** evenly over the entire length of the strands; Leave it to act for 5 to 10 minutes. Do not rinse;
4. Apply **Total Brushing (3)** section by section across the entire length of the hair strands. Leave it to act for 5 to 10 minutes and rinse only the excess;
5. Reapply a small amount of the **Total Brushing (3)** to your palms and spread over the entire length of the hair; With the aid of a hairdryer, dry and fully brush your hair using a hollow ceramic thermal brush; **Do not wash the hair for at least 2 (two) days.**

DIRECTIONS for a Temporary Brush:

If the hair isn't too damaged, just looking matte/dull and entangled, you can choose to wash it, using just the **Force Therapy Shampoo (1)** and the **Total Brushing (3)**, skipping step number 3 (**Force Keratin - 2**) described above.

SIZES & EFFICIENCY

Shampoo - 1L ≈ 100 treatments

Force Keratin - 300mL ≈ 30 treatments

Total Brushing - 1L ≈ 50-65 treatments
